PROFILE

Visionary media executive with **20+ years** of experience in high-end video production, broadcast, and creative direction. Proven track record of transforming TV brands into cross-platform content ecosystems.

Currently focused on integrating **AI, real-time 3D, and virtual production** into scalable content pipelines for TV, digital, and branded entertainment.

EXPERIENCE

CEO / General Director

2017 – 2023

- M1 & M2 TV Channels (Teleodin)
- Full-cycle management of broadcast + digital production ecosystem
 - Transformation from linear TV to multi-platform content distribution
 - Implementation of digital-first, social-first production workflows
 - Supervision of large-scale live shows, concerts, and awards ceremonies

PRODUCTION INNOVATION

- Integration of real-time graphics & AR elements into live broadcast
- Development of hybrid TV + digital show formats
- Optimization of end-to-end pipelines (pre → production → post)

General Producer / Chief Director

2013 – 2017

- M1 TV Channel
- Creative leadership of all video production units
 - Development of new national show formats
 - Scaling in-house production capabilities

Art Director / Motion Designer

2001 – 2013

- M1 TV Channel
- Creation of channel visual identity
 - Broadcast design system development
 - Motion graphics pipeline setup

Minister of Television / Creative Promo Director

2001 – 2013

- Republic of Kazantip
- Creative direction of the iconic electronic music festival's visual & media identity
 - Production of promo content, video art, and festival broadcasts
